Page 3, penultimate line to page 4, line 2, change "An alcohol...column 1. to  
Page 3, penultimate line to page 4, line 2, change "An alcohol...column 1. to  
-An alcohol A is supplied via a line 21 to a pre-reactor 2 and a fatty acid F is  
supplied to pre-reactor 2 via a line 22. The pre-reactor (mixer) 2, in turn, forms a mixture  
of the fatty acid F and the alcohol A that is then fed via a line 10 and a distributor 30 in  
the column to the packing 3 in the column 1. -
